DR. H. R. HARROWER LABORATORY WILL HAVE OPENING

Public Invited to Inspect Plant; Program Is Under C. of C. Auspices

The formal opening of the Dr. Henry R. Harrower Laboratory, 920 East Broadway, will be held Monday night, November 28, under the auspices of the Glendale Chamber of Commerce.

The operations in all departments will be demonstrated in the laboratory from 7:30 to 8:15 o'clock and the entire plant will be open for inspection.

The program of the occasion will be given in the institution's own assembly room.

The introductory speech will be made by Jesse E. Smith, vice-president of the Chamber of Commerce. The acknowledgment will be made by James Howarth. A welcome to visiting physicians will be extended by Dr. H. R. Boyer, president of the Glendale Physicians' club. Spencer Robinson will deliver an address in behalf of the city.

"How It Happened" is the title of a talk made by Dr. Henry R. Harrower.

Besides a vocal solo by J. P. Williams, the musical program will consist of selections on the new Knabe Ampico Reproducing piano and by the Glendale Sanitarium orchestral quintette.

Harrower Laboratory Is Real Model of Efficiency

The making and packing of the thirty-five varieties of Sani-tate tablets is one of the features of the new Harrower Laboratory, 920 East Broadway, under the direction of Dr Henry R. Harrower, who is an ardent advocate of sanitation and efficiency.

The quarters in which these tablets are manufactured are well-lighted, well-heated, well-ventilated and immaculately clean. The floors are of cement which may be washed easily. Each room contains several large windows which admit a maximum of natural light. The wood-

Birthday Cake One Feature of Session by Post and Corps

The all-day meeting of N. P. Banks Post and Corps was held Friday, November 25, at G. A. R. hall, 900 South Glendale avenue, with 125 members present to partake of the bountiful dinner which had been prepared by the hostesses, Mrs. Jennie Tincher, chairman, assisted by Mesdames Sanders, Bowen, Goss and Hammend.

A special feature of the occasion was a beautiful birthday cake furnished by Mrs. Priscilla Houdyshel. Rev. C. R. Norton, J. E. Kortz, Mary Milligan, A. M. Lovell and Zilpha Parker being the honored guests whose birthdays occur either during November or December.

After dinner a fine program was given by the Conner trio, who are singing at the Central Avenue Methodist Episcopal church, and included several musical numbers, both vocal and instrumental, also several readings, which the audience appreciated very much. The regular meeting of the Relief Corps was then held.

Arrangements were made to send a Christmas box to the Relief Corps Home at San Jose, California. The names of the inmates were read and were taken by the different members present, who will be responsible for each inmate receiving a Christmas box. Funds were also voted to procure delicacies for the Christmas dinner at the home.

New Members Are Received by Camp Fire Girls' Circle

At the meeting of the Soangetaha Camp Fire Girls, of which Miss Dorothy Gilson is guardian, and which was held recently at the home of Mr. and Mrs. Judson Cook, 712 South Pacific avenue, eight new members were initiated, including Marie Hearnshaw, Sarah McClure, Valera Turner, Eloise Truitt, Zelma Carver, Elaine Buttred, Marjorie Gunyan and Doris Osmus.

At the beginning of the evening the new members gave a skit, a parody on "Way Down East." After initiation a bon-fire and marshmallow roast was enjoyed in the orchard. A party of Soangetaha Camp Fire Girls enjoyed a bicycle ride to Griffith park yesterday on an outing.

MOTOR TO HERMOSA BEACH

Mr. and Mrs. C. S. Catlin of 537 Vine street motored to Hermosa Beach Wednesday night, where they enjoyed the Thanksgiving day celebration at the home of relatives.

MRS. W. MILLER ON VISIT

Mrs. W. Miller, mother of Mrs. A. D. Pierce of 1311 East Harvard street, has been spending the week with friends in Los Angeles.

Local Men Entered in Auto Contest at Bakersfield Sunday

Eddie Winfield and Harland Durand, both of this city, worked far into the night last night putting the finishing touches on their special Fords, which they have entered in the big twenty-five mile race to be held tomorrow afternoon in connection with the three-day carnival and celebration at Bakersfield. The contest promises to be a "hummer" and the two local entrants left nothing undone in the matter of preparing their mounts for the premier speed event of their careers.

The race tomorrow will be conducted on a one-mile dirt track and will be limited to twelve starters, their places to be determined by a series of preliminary five-mile heats. A total purse of $1125 has been hung up by the promoters of the races, the prizes to be divided as follows: First $500, second $250, third $150, fourth $100, fifth $75, sixth $50. The race will be run under the sanction of the contest board of the American Automobile association.

Winfield's name is well known to Glendale's racing fans, he having an enviable record in the speed game in Southern and Central California Cities during the past fifteen months. In the last race in which he was entered at Hanford Winfield was leading the field until a few hundred yards from the finish line, when a rear wheel caved in and sent him through the fence. He will drive the same machine in tomorrow's event, in which he expects to finish one-two.

Harland Durand is not so well known to followers of the amateur racing game as his team mate, this being his initial appearance in the speed game. He is a born mechanic, however, and his mount will undoubtedly prove to be the real dark horse of the race. Durand is the brother of Sam Durand, mechanician and business partner of Winfield.

Captain Loving Is Wicked Shot; Picks Bullseye and Purse

And he never said a word!

Captain W. A. Loving, expert shot, was among members of the police department and city government present in Scholl Canyon Wednesday afternoon at a turkey shoot. A little pot of 25-cent contributions had been put up. There was some "kidding." Captain Loving was reluctant to compete. Finally he picked up his revolver, took aim—and hit the bullseye squarely in the center.

Then he pocketed the pool, and walked away without a word.

Sergeant J. L. Scales acquired a turkey according to report, while Patrolman Louis Nunn got a goose. City Manager W. H. Reeves says that Mayor Spencer Robinson won "a large string of wienies."

After keen competition Patrolman J. H. Lauritzen "skinned" the record of Manager Reeves by one-sixteenth of an inch and won $1 put up by Councilman S. A. Davis.

A record was achieved by Patrolman Louis Nunn when he made three straight bullseyes and another separate one with his automatic.

Cobweb Social Held by Intermediates of Church Last Night

The cobweb social given last night by the intermediate department of the Sunday school of the First Methodist church proved to be a very novel and successful affair. F. M. Edwards, who is in charge of that department, Mrs. Pierson Hanning, and Mr. and Mrs. Frank Matthiesen were the committee in charge of arrangements.

A very delightful program was given at the beginning of the evening, and included violin numbers by Bertha Brown, accompanied at the piano by Irma Lucas; readings by Mrs. Howard Payne; steel guitar numbers by Dorothy Case; piano duet by Irma Lucas and Margaret Clark.

Following the program those present undertook to unravel the two large cobwebs which had been woven of string. At the end of each string was a gift. The sale of the strings netted the department about $25. At the close of the evening, refreshments of coffee and pie were served.

FRUIT SUPPLY NOT ENOUGH

In order to supply the local demand for citrus fruit, W. F. Richardson of 611 East Broadway went to Porterville this week and purchased a carload of oranges and grapefruit from the Tulare county citrus belt. This is the first year that the local supply has not been sufficient to tide over the season.

NAVY BEATS ARMY, 7 TO 0

POLO GROUNDS, NEW YORK, Nov. 26.—Navy's goat shook his whiskers in a drizzling rain on a mud-covered gridiron here this afternoon, and Uncle Sam's future admirals taking it to mean a victory, proceeded to beat the Army, 7 to 0. More than 50,000 spectators witnessed the contest despite the bad weather. The lone score of the game came in the second period when the Navy's backs started a march down the field that resulted in a touchdown, Conroy finally crashing through the Army's line for the coveted score. King kicked the goal, scoring his last point in football as a midshipman.

DR. L. H. BECK WINS HONORS AT SHOE PITCHERS' MEET

Glendale Man and Two From Long Beach Are First to Take Tourney Prizes

Dr. L. H. Beck, 432 West Wilson street, and E. C. Ford and George Dickerson, both of Long Beach, have won honors in the games played thus far in the State Horseshoe Tournament being held on the high school athletic grounds.

Dr. Beck won first prize in Division No. 2. Class 3, winning three games in the series. Mr. Ford and Mr. Dickerson won first and second prizes, respectively, in Division No. 3 for high ringer scores, Mr. Ford pitching fifty-three ringers out of a possible 150, and Mr. Dickerson scoring fifty-one ringers out of the same number.

The first prize for Mr. Ford is a medal and $10. Second prize for Mr. Dickerson is a medal and $5. First prize for Dr. Beck is a medal and $3.

Games

The games in progress at noon today were a continuation of Division No. 2, Class A, fifty-point walking games for all pitchers having a record of twenty-five ringers or more in the series of five games, and a continuation of Class B, same division, for those having a record of fifteen or more ringers in the same series.

Scores by those in this series at noon today were as follows:

Mrs. H. M. Merrill and W. F. B. Gurnee Wed at Santa Ana

News has come of the marriage of Mrs. H. M. Merrill and W. F. B. Gurnee, both of whom are well known locally, having lived in this city more than ten years. The wedding took place at noon Wednesday at Santa Ana, the couple were accompanied by Mr. and Mrs. Paul Sprenger of Los Angeles.

The report of the wedding was received as a complete surprise by the many friends of the couple, as no previous announcement had been made.

Mrs. Gurnee was the widow of H. M. Merrill, who died in this city about eight years ago. Following her husband's death, Mrs. Merrill acted as proprietor of the Glendale Dye Works for two years, when she sold the business to the present owners. For the next three years she conducted the Flower Apartments on Brand boulevard, and since that time she has been at her present address, 340 North Cedar street.

Mr. Gurnee was employed by the Glendale Mill company for ten years, severing his connections with that firm six weeks ago, when he purchased half interest in the Happy Valley garage in Eagle Rock. He is a member of the local Elks' Club, having been initiated two years ago.

Mr. and Mrs. Gurnee will be at home to their friends on and after December 10.

MUST REGISTER TO VOTE

Residents who have changed their residence in the last few months register before Tuesday or they will be unable to vote at the coming high school election, according to Mayor Spencer Robinson. At his office, 104 South Glendale avenue, Mrs. M. E. Myton will register voters this afternoon and the first part of next week.

MOTOR TO SANTA BARBARA

Mr. and Mrs. W. C. Wattles of 1218 South Glendale avenue, accompanied by friends from Los Angeles, enjoyed a motor trip to Santa Barbara Thanksgiving day, where they had dinner, returning home that evening.

Boy Scout Council Making Arrangements for New Formation

A meeting of the Boy Scout Council, of which Charles L. Chandler is president, was held last night in the office of Roy L. Kent, 130 South Brand boulevard, for the purpose of completing arrangements for the formation of a first class organization. Council members present were Nathan Ridgon, Captain W. C. Wattles, C. L. Chandler, A. Aiken, H. M. Butts, T. D. Watson, Dr. C. G. Farrow, Roy L. Kent and A. T. Cowan.

S. W. French of Pasadena, who is one of the state officers of the Boy Scout organization, was present and gave a talk on the necessary qualifications of a good scout executive. He stated that while his position was one requiring him to mix mainly with the scout masters, yet it was a good plan to have an executive who can also mix well with the boys.

Tallman H. Trask, Pasadena scout executive, also was present and spoke along similar lines. He stated that the successful executive must be a man who sympathizes with the boys and can recall his own boyhood days.

The regular state scout constitution was adopted. Roy L. Kent, secretary, was instructed to fill out the necessary blanks and make application for a first class charter. A committee consisting of Captain W. C. Wattles, A. T. Cowan and R. L. McCourt was appointed to work under the direction of the secretary in obtaining the data for filling out the blanks for charter application and also to formulate the by-laws. The council then adjourned to meet at the call of the chair.

Special Service to Be Held on Sunday for Aged Persons

The annual special service for old people will be held tomorrow morning at the Presbyterian church and automobiles will be sent for all who desire to attend.

The sermon by the Rev. W. E. Edmonds will be constructed upon the text: "At evening time it shall be light."

Mrs. William Hopkins, Jr., 653 North Central avenue, will play a group of selections upon the harp: "The Old Folks at Home," "Mother Machree" and "Home Sweet Home."

"The King of Love My Shepherd Is" will be sung by Mrs. Fannie Marble Retts, contralto, who will also sing with Mrs. Helen Graham Cole, Everett Anderson and C. Clifford Riggs of the Presbyterian quartette. "The Homeland," accompanied by the harp. An appropriate prelude and postlude will be played upon the organ by Miss Carolyn Bailey.

Rev. Louis E. Tinning, assistant pastor, announced this morning that all who are looking toward the sunset of life are cordially invited to attend and that automobiles would be sent for them if they would telephone him at Glendale 418-W or Roy D. King at Glendale 1220. A special section of the church will be reserved for them.

R. Stanford Home Is Entered by Thieves on Wednesday Night

The home of Mr. and Mrs. Roy Stanford, 425 West Harvard street, was entered by burglars Wednesday night, who made away with two suits of clothes, an overcoat and several shirts, including some silk ones for Mr. Stanford, and took Mrs. Stanford's ivory pyralin dresser set, several pieces of jewelry, and the alarm clock. The contents of the dressers were rifled, and a large trunk was emptied on the floor.

It is thought the burglars entered the house by means of a pass key. It was evident the intruders were disturbed for they left a suit case packed with the contents from the trunk. Mr. Stanford's parents, Mr. and Mrs. S. P. Stanford, were visiting here during the holidays, and Wednesday evening were at the home of J. F. Stanford.

Roy Stanford and family returned from the theatre at 10:30 in the evening and finding the door unlocked immediately telephoned the police who arrived promptly.

"The police responded in less than three minutes," says Mrs. Stanford. "We have a police force of which to be proud."

Miss Ann Givins and J. E. Turner Recently Married

Joh Emil Turner, son of Mr. and Mrs. J. R. Turner of Glendale, and Miss Ann Givins were married at 6:30 o'clock Wednesday evening, November 23, 1921, in the parlors of Trinity hotel, Los Angeles, by the Rev. Allen T. DeLong of Glendale. Miss Givins was formerly of Detroit and has been residing for some time in Los Angeles. Miss Sarah A. Bowman and Roy Dickson, intimate friends of the bride and bridegroom, acted as bridesmaid and best man.

CHURCH AIDS RED CROSS

The Pacific Avenue Methodist church has shown its colors according to Rev. Harley G. Preston by contributing $40 to the local chapter of the Red Cross. The work of collecting the subscriptions was in charge of Mrs. Ella Bradley, 523 Oak street, and Mrs. Harold Myers, 459 West Colorado.

Today's World News In Brief

(By International News Service to Glendale Evening News)

TURKISH NATIONALIST ASSASSINATED, IS REPORTED

BERLIN, Nov. 26.—An unconfirmed report from Constantinople received here today said Mustapha Kemal Pasha, Turkish nationalist leader, had been assassinated.

BANDITS ESCAPE WITH UNCUT GEMS VALUED AT $62,000

ST. LOUIS, Mo., Nov. 26.—Two armed bandits early today held up the employes of the St. Louis Refining company, assayers and cutters of gems, and escaped with unset diamonds and jewelry said to be valued at $62,000.

BANK TRUCK HALTED BY BANDITS AND $30,000 STOLEN

BOSTON, Mass., Nov. 26.—Four armed automobile bandits today held up and robbed a First National bank motor truck of nearly $30,000, the payroll of the Walton Shoe company of Chelsea. The robbers escaped under a hail of pistol bullets fired by bank guards.

MRS. LOUISE L. PEETE SEEKS STAY FROM SAN QUENTIN

LOS ANGELES, Nov. 26.—Application for a ten-day stay of execution in the case of Mrs. Louise L. Peete, convicted of the murder of Jacob C. Denton and denied by the state supreme court a petition for a re-hearing of her case, was scheduled to be made today by Attorney W. Joseph Ford, counsel for the imprisoned woman. This application was to be filed with the supreme court, it was said, that Mrs. Peete may have an opportunity to see her husband and baby before going to San Quentin.

FIVE FORMER TREASURERS OF ILLINOIS ARE ACCUSED

SPRINGFIELD, Ill., Nov. 26.—Five former treasurers of the state of Illinois were named defendants in suits of equity prepared by Attorney General Brundage today asking for an accounting of approximately $2,500,000 in interest money alleged to have been withheld from the treasury during their terms of office. Those named in the suits are Governor Len Small, Lieutenant Governor Fred E. Sterling, State Auditor Andrew Russell, William Ryan, Jr., Edward E. Mitchell and their bondsmen. Two suits were prepared against Auditor Russell covering his two terms of office as treasurer.

HEAVY LOSS BY FIRE IN AUGUSTA'S BUSINESS DISTRICT

AUGUSTA, Ga., Nov. 26.—Early today firemen succeeded in bringing under control the most disastrous fire in the history of Augusta. The Harrison building and the Johnson building, two big steel and masonry buildings, had been gutted by the flames, which started at 2 o'clock in the Harrison building. The Augusta Chronicle building was believed a total loss; the Albion hotel was badly damaged; the Genesta hotel was badly burned; Stohrer's drug store was a total loss, and other business firms were hit hard. The loss was variously estimated, some declaring it would reach $2,500,000, while others placed at as low as 1,500,000.

DEPOSITIONS TO BE READ IN DEFENSE OF ARBUCKLE

SAN FRANCISCO, Nov. 26.—The first move today on the part of the defense of Roscoe ("Fatty") Arbuckle, on trial for manslaughter, was to gain permission for the unsealing of depositions taken in Chicago and New York as part of their case. There was no objection from the state and Judge Louderback granted permission. These depositions, made by a Chicago nurse, a Chicago doctor and Lowell Sherman, actor friend of Arbuckle, were to be read into the record. Harry B. Barker, sweetheart of Virginia Rappe during her early days in Chicago, returned to the stand for cross examination. The state pressed him hard as to dates on which he declared Miss Rappe had suffered great pain and torn her clothing. He stated that the attacks usually followed partaking of liquor.

Charles H. Barnes Struck Unconscious by Passing Machine

Charles H. Barnes, son of Mr. and Mrs. A. H. Barnes, 1300 East Lexington drive, was struck by an auto as he was walking home from work last night and, according to his story, was left unconscious for about an hour along the side of the road. He was walking along the North San Fernando road, just north of the Verdugo wash channel, and says he was unaware of an approaching machine until he was struck in the back by the headlight of the machine.

The accident happened about 5:15 o'clock and the lad was unconscious for about an hour, after which, he says, he walked to the home of a friend who brought him home. That the lad suffered no worse injuries than a severe bruise to the back is remarkable, says A. H. Barnes, the father. The auto, says Mr. Barnes, continued on its way.

Mr. and Mrs. C. Riggs Are Given Surprise in Their New Home

Mr. and Mrs. C. C. Riggs, who recently moved into their new home at 336 Salem street, were surprised on Thanksgiving day by a house warming party, consisting of immediate relatives of both Mr. and Mrs. Riggs. Ample good things in the way of eats were brought along and after extending the dining table to the limit the viands were spread out and the guests proceeded to enjoy themselves in true Thanksgiving fashion.

Those present included Mr. and Mrs. E. B. Riggs, Mr. and Mrs. J. Doyle Porter, Mr. and Mrs. Glenn B. Porter, Ralph McCreery, Clare Staley, Mr. and Mrs. J. MacMillan and daughter Eleanor and Mr. and Mrs. C. C. Riggs.

MRS. B. N. LEWIS AT HOME

Mrs. B. N. Lewis, who has been spending the past two months with relatives and friends in the east, returned to her home at 1315 East Harvard street Tuesday.

Family Reunion Is Held Thanksgiving by I. A. Robinsons

A family reunion of twenty-one people was held Thanksgiving day at the home of Mr. and Mrs. I. A. Robinson, 1520 Lorraine street, north Glendale. The house was beautifully decorated with ferns, pepper berries, and cut flowers. Place cards of red turkeys and conundrums provided an interesting half hour to the dinner, which was of turkey, with all the fixings. Songs, piano and mandolin selections by the young folks provided entertainment throughout the afternoon and evening.

Those present included A. C. Robinson, Mrs. Maude Lacy, Mrs. Adeline Nickel, Mr. and Mrs. George Alston and family, Mr. and Mrs. T. I. Smith and family, Mr. and Mrs. J. Mann, Miss Margaret Robinson, the host and hostess, Mr. and Mrs. I. A. Robinson and family.

Glendale Folk at Monte Vista Park for Thanksgiving

A party of Glendale folk who enjoyed their Thanksgiving day at Monte Vista park included Mr. and Mrs. Sam Warren and daughter Marie and Mrs. Warren's mother, Mrs. Holt, Mr. and Mrs. Fred Nicolaus and daughter Mildred, Mr. and Mrs. Bert Matthiesen, Howard Dennison, Mr. and Mrs. Howard Payne and Mrs. Payne's mother, Mrs. Bacon, Mr. and Mrs. Frank Matthiesen and daughter Dorothy, and Alvin Henry. Late in the afternoon the party adjourned to the home of Mr. and Mrs. Frank Matthiesen at 721 East Windsor Road, where they spent the evening.

ELKS GIVE CHARITY BALL

The annual Christmas charity ball to be given by the Glendale lodge of Elks No. 1289, will take place tonight at the local clubhouse, with the entertainment committee, of which Joe Bellue is chairman, in charge. This will be an informal dance and will be open to the general public.

PROPOSED SITES OF NEW HIGH SCHOOL AGAIN DEBATED

General Discussion Held at Open Meeting; Campaign for Bonds Is Urged

The high school bonds must be carried!

Insistence upon this fact characterized last night's mass meeting at the Broadway school, which was the scene of a good-natured discussion between advocates of the site at Broadway and Verdugo Road and the advocates of the Grey site at Doran street and Kenilworth Road.

"We are here tonight to give this matter consideration from every point of view," declared J. C. Sherer, chairman of the evening, during the discussion.

"The main thing is to approve the bonds," declared C. W. Young of Eagle Rock. "There is no doubt but that we need a high school; by the time it is built we will need it still more.

"I feel that the best thing we can do is to vote the bonds just as soon as we can," stated Rev. A. B. Smart. "It isn't right for the east and west sides to be fighting each other. I insist that it isn't best to be flinging mud at each other."

"The big thing is to get right down and see that the voters get out," asserted W. D. Root. "The big thing is that something must be done. The trustees want action; the parents want action; the children want action."

Open Discussion Sought

"We want a fair and open discussion of this matter in all its phases," admitted R. E. Grey, owner of the west side site. "Sometimes a lively discussion stimulates thought."

"The big thing is to vote the bonds," declared C. W. Ingledue. "I think we ought all to forget our enmities."

"I said there was some 'possibility' of the bonds being defeated," said Alex Mitchell. "Personally, I intend to vote for them, but I can't control the whole west side."

At the suggestion of W. D. Root, a committee was appointed by Chairman Sherer to assist in pre-electioneering. The members appointed were: W. D. Root, Mrs. Mabel Tight and C. M. Pomeroy.

"I am not very kindly disposed towards the people who have selected this site," admitted R. E. Grey,

Picture of Parade Armistice Day Is Shown Local Post

The members of the local post of the American Legion held a short business meeting at their hall last night, after which they were entertained with several reels of motion pictures, which were shown through the courtesy of the Mary Pickford studios of Hollywood. Mitchell Frug, who is employed by the popular star, is a member of the Glendale Legion.

The first of the pictures to be shown was a replica of the Armistice day parade, which was held in this city November 11. Here the boys had the chance of observing how much of their military training they had forgotten, a considerable amount of laughter being produced by the remarks of several of the onlookers. The other picture was a six reel affair of "The Hoodlum," in which Mary Pickford took the leading part.

The principal topic discussed during the business meeting was that of making plans for taking part in the Marshal Foch parade, which is to be held in Los Angeles on December 5, when the distinguished leader is scheduled to arrive in southern California. Robert C. Plume, Al Moniot and Rev. Charles M. Calderwood were appointed on a committee to arrange for the details of the affair.

The only new member taken in during the meeting was Frank W. Secrest, a newcomer to this city. Following his initiation an announcement was made regarding the preliminary application blanks for the Veterans' Farm and Home Purchase Act of California. Any information regarding the act may be obtained by any veteran from Adjutant James F. McBryde.

A number of the Legionnaires are planning to attend the "Peace and Disarmament" lecture by Dr. E. Harvey Hadlock, which will take place next Monday evening at the First Methodist church on Wilson avenue. A special invitation to attend the affair was rendered to the post last night.

DR. AND MRS. GOULD HERE

Dr. and Mrs. Galen Gould of Santa Paula are enjoying several days in Glendale as the guests of Dr. Gould's parents, Mr. and Mrs. I. E. Gould of 106 East Lomita avenue. Dr. Gould is well known in this city, having lived here for a number of years. He graduated from the local high school in 1914.

MRS. W. E. EVANS HOSTESS

Mrs. W. E. Evans of 333 North Orange street entertained as her luncheon guests at Flintridge Country club yesterday Mrs. H. R. Boyer, Mrs. R. L. McCourt, Mrs. Harry Lockwood and Miss Lucille Tholen. Golf was enjoyed in the morning and in the afternoon bridge was played.

Vaudeville Program on T. D. & L. Program Is Repeated Tonight

Another of those Meiklejohn & Dunn vaudeville road snows that have furnished theatregoers of Glendale with so much enjoyment was presented at the T. D. & L. theatre last night and will be given again this afternoon and evening. Lionel Paris, the joy boy, headlined this great show. Mr. Paris is an Orpheum star and has a collection of songs and stories that are new and sure to please.

Texas Walker and his company have only recently completed a contract with the Orpheum circuit and are resting in California before starting again on their tour of the east. They call their offering "Out West," and Mr. Walker has been compared with Will Rogers many times because of his extraordinary trick rope spinning.

The sunshine folks, West and Boyd, do a little bit of everything and do it well. Singing, patter, and dancing will all be found in this delightful offering.

The emotional queen of the screen, Mildred Harris, has a most excellent photoplay in "Old Dad." In this picture, which is the feature attraction offered in addition to the vaudeville will be seen Irving Cummings, Myrtle Stedman and George Stewart.

PROPOSED SITES OF NEW HIGH SCHOOL AGAIN DEBATED

General Discussion Held at Open Meeting; Campaign for Bonds Is Urged

(Continued From Page 1).

speaking about the east side site, for the reason that they have not clearly defined where this site is and what it consists of."

Might Cost More, He Says

Mr. Grey inferred that it might cost the taxpayers more than they anticipated to extend the site to Colorado avenue. He was frank to state that he did not have a very high opinion of the committee which recommended the site at Broadway and Verdugo Road because, he said, "they rushed around frantically one afternoon and did not give careful consideration to the merits of each site." He suggested that this verdict had been "almost too unanimous." Mr. Grey stated that the Chamber of Commerce had not gotten behind its committee.

"We contend that transportation facilities on the west side are much superior," asserted Mr. Grey. "The greatest assessed valuation is on the west side; all public improvements are on the east side. There are 160 more grammar school children on the west side, according to the report of the superintendent himself. I think the west side site is just as accessible as any other property.

"Wells have been found to be a liability instead of an asset. We find that the city of Glendale is able to furnish water much more cheaply than we could by maintaining a pumping plant."

Says West Side Lower

Rev. A. B. Smart called attention to the fact that the west side site is seventy-seven feet lower than the corner of Brand boulevard and Broadway and the lowest point in the city of Glendale. He described the soil as being "sandy almost entirely." He said the Grey property was almost entirely out of the settlement. According to Rev. Smart, the place to put the school is on the high ground at Broadway and Verdugo Road where it can be seen from all over as an inspiration towards learning and from where the students can see the surrounding territory.

Alex Mitchell, who was chairman of the recent west side mass meeting, welcomed east siders to attend a meeting at the west side and participate in the discussion, but said that he would have to apologize for not having such a pleasant hall as the Broadway assembly room to which to invite them.

"I am certainly in favor of carrying the bonds," said Mr. Mitchell, "but I would like to see you get together and buy two sites."

Increasing in Value

According to Mr. Mitchell, west side property has been increasing in value a great deal more than east side property. He called attention to the fact that there has been more development on Kenneth Road recently than during the past six or seven years and predicted that the whole west side would be built up solidly. He said that if he wanted a real investment, he would take the Grey property.

"After hearing from Mr. Mitchell, I am looking at Mr. Grey as a philanthropist," declared C. W. Ingledue, commenting upon the sacrifice Mr. Grey might be making in selling his property below what he might get later or elsewhere. "So I don't think that we will be treating him so badly if we turn down his site."

W. D. Root declared that everyone seemed to be interested in the subject from different angles. Stepping to the map, he showed that a two-mile radius from the Grey site would include a great deal of territory in Griffith park, Los Angeles, which, he explained, could never be tributary to a Glendale high school.

Concerning Eagle Rock

"Of course, Eagle Rock favors this site on account of its location," declared C. W. Young, commenting upon the site at Broadway and Verdugo Road. "There have been things said about this site being manipulated by Eagle Rock. That is not true. All of the committee except myself were Glendale residents. I believe more from the west side were on the committee.

"Eagle Rock feels that she is just as much a part of this school district as Glendale. We have no thoughts of getting out of the Glendale high school district. We haven't the means or the place for a school. We have no thoughts of building a high school of our own. I have heard much more talk of being annexed to Glendale than I ever heard of annexing to Los Angeles. There is no talk of annexing to Los Angeles at present and we don't want to be pushed out of the Glendale district. We admit being the dog's tail but just the same we want to be part of the dog."

The east side site is on about the same grade as the present site, according to S. C. Wheeler, who stated that as far as he could make out this was a rise of about six inches in fifty feet. He suggested that people who thought it was on the side of a hill should take the trouble to investigate.

OLDSMOBILE SELLS WELL

J. C. Pollock & Co., Oldsmobile agents with San Fernando valley headquarters at 208-10 West Broadway, report so many sales of the new models that they are offering special bargains in good used cars. The Oldsmobile has one of the most attractive arguments this season in its easy riding qualities that are comparable only to an airplane, it is said.

A Truly Beautiful
Glendale Home Where Your Loved Ones Are Tenderly Cared For in Hours of Sorrow.

THE CRYSTALLIZATION OF AN IDEAL

Nine years ago when we engaged in the undertaking business in Glendale, we had certain ideals—as to the service which we hoped to be able to give the people of this community.

To use an illustration, we felt that, "The greatness of an artist or writer does not depend upon what he has in common with other artists and writers—but what he has peculiar to himself."

By such standards should the modern mortician be judged.

In carrying out our ideals as to faithful service, sincere sympathy and friendly co-operation, we tried first to put ourselves in the position of the people we would serve, and decided to conduct a real Funeral Home. We, therefore, secured the most beautiful establishment procurable in a central location—and have truly made a real home—ample for our own demands and embracing every convenience and need for our patients as well as their friends and relatives. Many have told us that this is the most complete and beautiful establishment of its kind on the Pacific Coast.

Another thing which we wished to inaugurate, was the best possible equipment that money could procure—and with the arrival of our latest Invalid Coach in addition to our other quality equipment, this hope, too, has been realized.

In making this initial announcement of a series of descriptive articles as to the service we offer the people of San Fernando Valley, we believe we have created an atmosphere of peace and dignity and attained a degree of service that will merit the attention of all who would wish a perfect mortuary service at extremely moderate prices.

Business Not Good in Ballots, States C. of C. Official

Henry Purinton, student secretary of the Chamber of Commerce, who has been assigned to take charge of the ballot box at the new Chamber headquarters in the Citizens' building opposite The Glendale Evening News office, reports that so far as he is concerned the election of directors is going slow.

But the fact of the matter is, most members are voting at the Chamber headquarters, 115 West Broadway, because they don't want to bother the workmen who are putting the finishing touches on the $40,000 store and office building.

Egypt is said to have made a million dollars out of recent cotton deals.

work and all of the apparatus is now painted or will be soon a light French gray which will make it easier to keep dusted.

Some of the ingredients which go into these tablets cost as high as $40 or $50 a pound. Much of it costs $10 a pound, while a portion of it costs as low as $1.25 a pound.

A large built-in safe in the new laboratory building serves as a stock room. Here the pulverized powders are stored until needed in large air-tight cans, most of which hold twenty-five pounds.

No Mistake or Waste

After the ingredients have been measured, the recipe is checked in order that there may be no possibility of a mistake or any waste.

The mixture is then placed into a special triturating machine where it is mixed most thoroughly for about 20 minutes. This was done at one time by a large mortar and pestle which would hold but a few pounds. One of the new machines, which is motor driven, has a capacity of 200 pounds, while another, cranked by hand, has a capacity of 25 pounds.

Moisture is then added to the dry powder and the damp mixture is churned again in another especially designed machine nearby.

Soon the mixture is put into pans and placed into an immense oven to dry for five hours. When all of its moisture has been evaporated, the mixture is dumped into the hopper of the compressing machine.

It's Done Automatically

It is here that the tablets are formed and compressed—absolutely automatically. This will turn out tablets of weight or size desired and either hard or soft—at a rate of 400 a minute.

A Sani-tate machine in the packing department then wraps and seals in wax paper each individual tablet and folds a strip containing 20 tablets in such a way that they may be inserted by hand into a small cardboard carton. Five of these cartons are placed into a larger box which is labeled and sealed with paraffine paper. This box goes to the medical profession as the famous Sani-tate tablets of the Harrower Laboratory, Glendale, California.

Are You An Artistic Dancer?

Would you like to learn the latest artistic steps of the dance?

A small select dancing club is under consideration.

If enough refined people in Glendale are interested, it will be directed by Adeline Leone McAdam, principal of the McAdam Normal School of Society and Professional Dancing under the direction of L. E. Behymer.

She has coached many professional dancers and has instructed many dancing teachers and positively refuses to waste time upon couples whose sole desire is to embrace and wiggle in public.

Pupils taught by Miss McAdam have appeared in programs and professional engagements at the following prominent places in the vicinity: Orpheum, Pantages, Majestic, Morosco, Grauman's, Auditorium, Cinderella Roof Garden, Ambassador, Maryland, Raymond, Alexandria, Alpine Tavern, Virginia Hotel of Long Beach, Los Angeles Athletic Club, Jonathan Club, California Club, Ebell Club, and Shakespeare Club of Pasadena.

By special invitation Miss McAdam has agreed to teach a class of adults in Glendale provided they are sincere in their appreciation of correct dancing.

Her fee at her Los Angeles studio ranges from $100 to $500 a course. The fee here will be very low—only $6 for each couple or $4 for each individual a month.

If organized, this class will meet every Wednesday night at the K. of P. Hall, 109 West Park avenue. Only couples will be permitted to join it who are congenial with each other.

If you are interested, please send your name and address at once to Ralph Hassell, Glendale Typewriter Exchange, 107 West Broadway. Phone Glendale 1168 for further information.

GLENDALE MAN'S TOE SAVES $1000 FROM DARING BANDITS

William M. Schlinger Foils Highwaymen With Foot But Gets Injured on Head

Chorus girls, so reads the divorce records, have the kick of high life.

Bootleg booze, according to the morgue statistics, contain the kick of low death.

William M. Schlinger, 412 South Everett street, Glendale has the kick of protection. He booted a bandit for a $1000 goal. The story:

The other day Mr. Schlinger, driving an automobile, was taking $1000 to the Citizens Trust and Savings bank, Los Angeles, for the Russell Peck Delivery company.

While on Golden avenue, between Eighth and Ninth streets, Los Angeles, two men in an auto drive up alongside Mr. Schlinger's car.

"Say! What th'—say! You're crowding me!" expostulated Mr. Schlinger.

"Stick up your mitts—and be quick about it!" instructed one of the two men in the other car, as he stepped, revolver in hand, on the running board of Mr. Schlinger's machine.

Extends Invitation

"Hand over th' money, mister!" came from the other man, as he maneuvered his car to keep parallel with Mr. Schlinger's auto.

"Come, and get it," invited Mr. Schlinger.

The bandit with the revolver open the door of Mr. Schlinger's car and got—

The $1000?

He did—NOT!

Instead, he received Mr. Schlinger's toe, incased in a heavy shoe, right in the pit of the stomach.

"Ugh!" groaned the bandit, as he tumbled from the auto.

The second bandit leaned over and tapped Mr. Schlinger on the head with a monkey wrench.

But the delivery man managed to keep his auto under control and outdistanced the bandit's car.

Later he was treated at the receiving hospital in Los Angeles for a laceration of the scalp.

The $1000? Mr. Schlinger took it where he had been told to take it—the bank. His head hurts, but his toe is ready to meet up with another bandit on life's gridiron, if necessary.

And that's the story with the kick in it.

Special Program to Be Given on Sunday Night at Glendale

Surely some show is to be presented Sunday evening patrons of the Glendale Theatre. Mr. Paul Carson will present in special organ concert Dvorak's Humoresque, "Just a Wearyin' for You," and selections from "Bohemian Girl." Harry Girard, baritone, who is Glendale's own popular entertainer of international renown, will sing, "Hear Me, Ye Winds and Waves" by Handel, and two Irish songs by Herman Lohr.

A youth of 21, a maid of 18, a skyscraper with a balcony window, and Shakespeare couldn't have asked for more! Of such is "Never Weaken," Harold Lloyd's newest three reels of the rip-roarin laughs and breath-catching thrills providing the spice on Sunday and Monday's program.

This picture was previewed to crowded houses here some weeks ago. Hundreds will want to see it again.

Edith Roberts' latest Universal photodrama, "Opened Shutters," on the same bill, will be particularly interesting to New England people, as many of the scenes of this dramatic story take place in Boston and on the New England coast.

COMEDY PLAYLET IS HEADLINE ACT ON GLENDALE BILL

'The Point of View' Is Said to Be Very Entertaining; Other Good Features

Fascinating entertainment is promised Glendale Theatre patrons tonight. Maurice Chick and company in the comedy drama playlet, entitled "The Point of View," should prove a particularly bright spot, the act being a headliner in the way of sketches. Mr. Chick has surrounded himself with a capable cast and they make the most of the clever comedy lines and melodramatic situations.

Lea LaSalle, a singing comedienne, will offer a cycle of late song successes and she has the reputation for getting across with a pleasing personality.

Lyons and West need no introduction to theatregoers for they are blackface comedians of long experience. Their latest offering is built for laughing purposes only. Their fun is fast and furious.

Presents Tumbling Act

Phil Godfrey has the pleasure of opening the bill with a tumbling act that tickles the kiddies and makes older people sit up and take notice. Phil only feels good when everybody else does, so it is that he gets the audience in an amiable attitude for the other numbers.

A. E. "Jazz" Klein and Yost have a musical and singing novelty that rounds out the bill in a most pleasing manner. The former member of the team is well known in southern California for his musical ability and he promises to have a host of friends from the cinema colony present to hear his efforts.

The feature film attraction has Shirley Mason as the star and is entitled "The Mother Heart," a picture drama which has scored big success in its premier showings. International News also is on the program.

AUTOMOBILE SECTION

Glendale Evening News, Nov. 26, 1921

HELP MAKE 'NO ACCIDENT WEEK' TO BE PERMANENT

DECEMBER 4 to 10 are the dates that have been set for a "No-Accident Week" in Los Angeles. The Automobile Club of Southern California, as a member of the Los Angeles Safety Council, is co-operating with this organization and others interested to make this the most successful event of its kind ever held in that city.

The Automobile Club will furnish windshield stickers for use during this week, and it is the sincere wish of all interested that all automobiles display these stickers as a constant reminder of the campaign, and also to help bring this message to the minds of others. These stickers will be available at the club office and will be given to all who evince enough interest to ask for them.

Nothing could be more fitting and proper than for the entire membership of the Automobile Club of Southern California to take the lead in this simple but very necessary campaign of carefulness. It is the ardent wish of the club and all others interested that we make this literally, as well as in name, a "No-Accident Week," and with this as a beginning, we shall, one and all, put our shoulders to the wheel with a vengeance and make every week a "No Accident Week."

Additional provisions for making Los Angeles the safest city in America for motorists, will include the services of 2500 Boy Scouts. Co-operating with the Automobile Club the Scouts will be divided into squads under the direction of E. B. DeGroot, scout executive, for the purpose of training Los Angeles children in safety measures.

It will be the purpose of the Scouts to see that school children learn that they should not dash into the street from behind parked cars and should not coast into the highway from blind alleys on their little "scooters," thus endangering their own lives and the lives of auto drivers as well.

With nearly 200 school children killed in Los Angeles by traffic accidents in two years, the Automobile Club of Southern California has decided to emphasize the problems of the little ones and their parents. The entire school curriculum should be shaken up—to conform to modern thought along safety lines. Whatever the cost of changing the courses of study in the grammar schools so as to instruct the children along the lines of greater highway safety, this cost is justified by the saving of even one life out of the 194 who were killed in Los Angeles last year and the year before.

There were eighty-one school children killed on Los Angeles streets in the year ending June 30, 1920. There were 113 killed there during the year ending June 30, 1921, according to club statistics.

Pledges are to be taken home and signed by both parent and pupil to the effect that the parent will co-operate with the schools in seeing that the child will obey the instructions given out by the Boy Scouts and the teachers in regard to crossing streets, and other safety precautions.

NEW MAXWELL CAR OF STRENGTH AND PLEASING LINES

Something Unusual in Way of Auto Is Brought Forth by Factory Organization

When the new organization took charge of the Maxwell factory a year ago it was intimated that something unusual in a motor car would be forthcoming. It is here in the new Maxwell, which will be shown all this week in the showrooms of the J. & K. Service Station at 1006 South Brand. There is so much difference between this and the former models that it is hard to realize that the same nameplate is carried on the radiator.

With disc wheels, cord tires, drum type lamps and handsome body lines the new Maxwell makes an exceedingly handsome appearance.

Appearance of Strength

The radiator has been moved forward slightly to give greater body length and is larger, thus raising the hood and giving an appearance of strength and massiveness at the front end. Riding comfort has been given particular attention. The back cushions of the seats were designed on a new principle; the springs are longer and the car is lower without sacrifice of head room.

Open cars are upholstered in real leather and the closed models in a special broadcloth. The touring car and roadster are fitted with newly designed curtains which open with the doors.

A modern feature of the open models is the plate glass window in the rear, and in the touring car there is a special compartment in the rear of the front seat for storing the side curtains.

In all models careful consideration has been given to the placing of the steering wheel, pedals and control levers, so that the car is extremely easy to handle and driving comfort is assured.

Non-Rattling Windows

The windows are mounted in rubber strips to insure against rattle, and a small button on three of the interior door handles operates the lock from the inside, while the right front door is locked from the outside with a key.

Small drum type lamps, duplicates in design of the headlights, are mounted on the cowl and they, with the tail lamp, operate from an independent switch for parking.

The upper half of the windshield is hinged at the top and lower half is hinged at the bottom—an entirely new arrangement which permits any desired adjustment for ventilation and at the same time gives positive insurance against leakage. A windshield wiper is standard on all types and a rear vision mirror in the closed models.

Builders' Hardware Exclusively Will Be Sold by This Store

G. C. McConnell and R. E. Kirkland of Los Angeles have leased the store building at 633 East Broadway, to be vacated soon by the J. A. Newton Electric company when that firm moves into the new Chamber of Commerce building on South Brand, and will open December 1 to conduct a hardware business under the name of the Builders' Hardware & Supply Co.

"We intend to carry in stock builders' hardware only and we believe Glendale needs such a store in its present building activity," said Mr. McConnell.

Frugality is a fair fortune, and habits of industry a good estate.—Franklin.

Exide Battery Aid to Polar Regions, Says H. M. Parker

American explorers are fast introducing electric lights in the Arctic regions and one would not be surprised to hear shortly of the Esquimaux enjoying this modern luxury in their huts, according to the prediction made by H. M. Parker, manager of the local Exide Service station, 113 West Harvard street.

"A few weeks ago," said Mr. Parker, "I read of the natives in some isolated section of Alaska, Cediak island, I believe, being introduced to electric lights and the event was commented on as a step toward progress.

"Then the other day I received word that MacMillan, the explorer, had taken a complete lighting system with him on his latest trip to the Polar regions. He has also equipped his expedition with a wireless set and will send back radio reports as he makes his way north. Current for both is furnished by Exide batteries.

"Mr. MacMillan, who sailed from Boston, was leader of the famous Crocker Land expedition seven years ago. It was really on this occasion that electric lights also furnished by Exides were introduced in the Arctic regions, probably, for the first time in history.

"This was made possible principally through the development of the storage battery. Such a voyage necessarily is rough and full of hardships and the equipment must be strong enough to withstand a lot of rough handling.

"After 4000 miles of traveling during which the party was shipwrecked and almost perished in blizzards, they were still able to give the Esquimaux the surprise of their lives, electric lights."

The science of the weather and the atmosphere is called meteorology and has very little to do with astronomy. Yet the public almost invariably confuses meteorologists wtih astronomers and calls upon the weather bureau for information about comets, sunspots, eclipses and the calendar.

HOME BUILDING SERVICE

Dear Friends,

The Scarcity of Homes and High Rents are making it compulsory that we build homes of our own. Never before in the history of our city has there been such a shortage of homes as now, and all indications point to present conditions for many months to come.

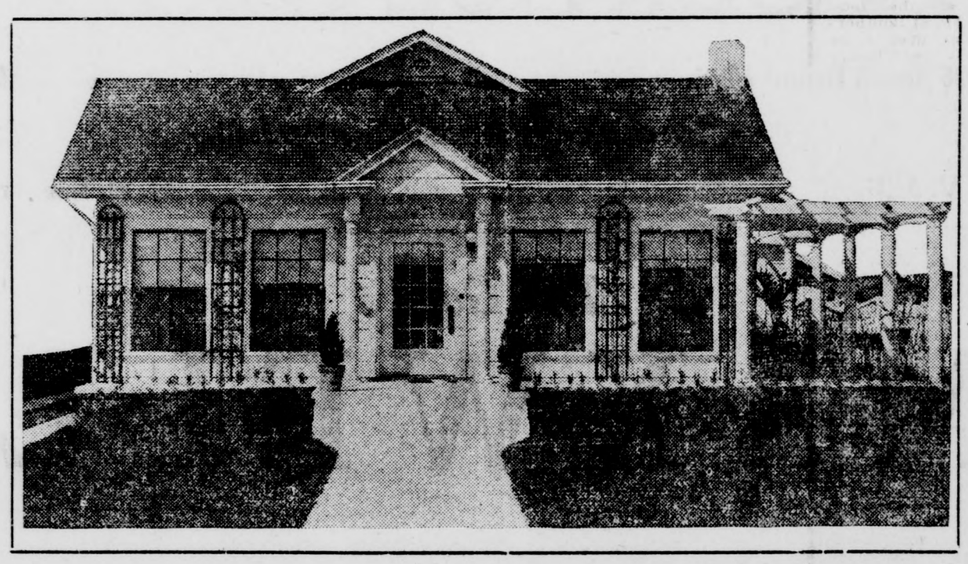
We must all co-operate, either by building or lending financial assistance, that the present shortage of homes be met. There is a crying demand here in our city now for thousands of new homes, and each day finds a large number of outsiders seeking homes to live in—newcomers who will make our city their future home—we must provide homes for them, otherwise the glowing inducements we have been offering will react as a detriment to our fair city. In the mad rush and stirring events of the past few years, many of our vacant property owners have neglected a golden opportunity by not erecting improvements on their lots, thereby turning an expense into revenue. We earnestly ask that every vacant lot owner who possibly can do so, improve his or her lot with a modern home—for

Now Is the Time to Build That NEW HOME

After all, these are the important factors. If you are contemplating building and have been putting it off because of high costs of building materials, you are assured now that every department of home building has reached low price level. Many predict that advances will be made in the very near future. Labor, an important factor in home building costs, is back to pretty nearly pre-war costs, not in wages, but in efficiency. One year ago today the average home cost from $4.75 to $5.25 per square foot to build, while today, from $3.00 to $3.50 is what you can have the new home built for—a saving of 35 per cent.

Avail yourself of present conditions and opportunities, and build.

To those who have resolved in the past to start saving and acquire a home, our suggestion is that you start a savings bank account or buy building and loan shares at once. These are best methods to pursue in accomplishing systematic saving. Your weekly or monthly deposits or payments will immediately start drawing interest and you will be happily surprised to see how fast your savings will grow into worth-while amounts which later can be utilized to satisfy that home-owning desire.



Plans No. 110-115

No more pretentious colonial bungalow home was ever created than this practical, convenient, pleasing design.

The small entry porch is very modern and the side pergola porch offers ample room for general porch usage. The mahogany trellis and front window trim offer a wonderful contrast to the white exterior walls.

When considering a new home, it should be modern, well planned and contain those conveniences which tend to lessen the duties of the housewife. This home will accomplish all this.

The following organizations, public-spirited firms and individuals are interested in helping to make Glendale a city of more beautiful homes and to assist in every possible way in creating homes for those who are desirous of making our city their future home, and it is their recommendation that all who can possibly do so build homes or convert their surplus money in home building channels.

TELLS OF FACTORS IN RECORD SALES OF BUICK CARS

E. T. Strong, Company Officer, Outlines Number of Points Attracting Purchasers

"The honor position at this year's New York Automobile show, again awarded to Buick by the National Automobile Chamber of Commerce for the greatest volume of business during the previous year, is significant not only in itself, but because of the reasons which brought about this leadership," says E. T. Strong, general sales manager of the Buick Motor company.

"No car can build up such tremendous public confidence as represented in Buick production and sales unless that car has fully satisfied the motoring public," declares Mr. Strong. "No single quality in a car it is apparent can bring this about,—the car must measure up to public demand in every respect.

"Whether car owners are conscious of it or not, the chassis and mechanism of a car are the most vital parts—and Buick for twenty-one years has consistently and unswervingly developed its well-defined engineering principles. This mechanical soundness of Buick is one reason for the position at the front Buick occupies today.

Economy Is Explained

"The economy of Buick ownership is represented in three things—each of almost equal importance—low upkeep, high resale value and the nation-wide service maintained by the Buick Motor company.

"Buick mechanical excellence means a minimum of repairs and replacements.

"The noted high resale value of Buick indicates very slow depreciation and an economy on trade-ins that is apparent on the face of it.

"The third economy, resulting from authorized service everywhere, which returns every Buick car to its owner in the shortest possible time, provides, as nearly as possible, uninterrupted service.

"And the final factor in Buick sales is the public knowledge that Buick responsibility follows every Buick car to make sure that every Buick owner gets full return on his investment."

Use of Highways by Motor Concerns Up to Legislature

SAN FRANCISCO, Nov. 26.—If there is to be any fundamental change in the present state policy in regard to the use of highways by motor transportation companies, such change must come by legislative action or through the initiative, the state railroad commission declared in a letter discussing its relation to the subject.

The letter was written to R. B. Swayne of San Francisco in response to a suggestion by him that motor carriers should not be permitted to parallel railroad lines. Mr. Swayne contended that this form of competition was unfair by reason of the fact that the motor companies can make use of the highways built at public expense and that they do not pay taxes in the same proportion as the railroads.

Big Demand for Hups

"We expect to have more Hupmobiles in before the month is over," stated Lanier Bartlett of Bartlett & French, 201 South Brand boulevard, yesterday afternoon. "The drop in price almost cleaned out the entire market. We have a great many inquiries and we find a great deal of interest in the Hup."

Says Ford Garage Too Small

The garage of the Ford agency is too small already, according to Edward S. Lawrence, assistant manager, who called attention yesterday afternoon to the fact that it had become necessary to utilize a vacant lot across the street for the used car department. These are in charge of H. J. Blackmore of the Ford sales force.

Signs Are Being Repaired

An auto truck belonging to the sign posting division of the Auto Club of Southern California is now in the vicinity, according to M. B. Towman, local manager. Dingy signs are being repainted; worn out signs are being replaced; and new signs are being erected. It is the object to have useful signs at each cross road.

Something to Be Thankful

"The man who owns an auto has something to be thankful for this year in the fact that he can now get the most efficient battery known for less money than he paid for an inferior battery in 1914," remarked H. E. Psenner of the Psenner-Doll Auto Electric company, 610 East Broadway, yesterday afternoon, commenting upon the excellency of the Philadelphia Battery. He called attention to the fact that this battery has two exclusive features which eliminated short circuits and buckled plates and insure perfect uniformity of porosity and insulation.

Tells of 'Careless Mark'

"The Careless Mark" on an automobile battery, according to Harvey Gill of the Westinghouse Service Station, 233 South Brand boulevard, is the white mark of lead sulphate on the wooden separators which divide each battery.

"When the water evaporates in a battery the dry portion becomes inactive, declared Mr. Gill. "The lead sulphate which forms is an insulator. A battery should be refilled with water every two weeks. The top of the liquid should not be permitted to sink below the top of the plates."

Mrs. Olive Likes Chevrolet

Mrs. L. M. Olive, 600 East Harvard street, yesterday parked her Chevrolet in front of the Fish & Tarr agency, 510 East Broadway, and stepped inside to speak her mind about the car.

It seems that she is quite enthusiastic about the Chevrolet, having recently driven from Des Moines, Ia.—after four hours' instruction in steering and gear shifting. Mrs. Olive was accompanied by her husband, but it is reported that she did all of the driving. The trip was made without mishap of any kind.

Mr. and Mrs. Olive expect to remain in Glendale.

Drive Carefully, He Urges

"It behooves everyone to drive carefully not only for the protection of property, but primarily for the protection of life," declared M. B. Towman, manager of the local branch of the Auto Club of Southern California, commenting upon a report of seven accidents over Thanksgiving holiday.

"That shows, in a measure, how many accidents are occurring right here in Glendale every day," said Mr. Towman. He called attention to the new department of public safety recently organized as part of the work of the Southern California Auto Club.

One hundred and thirteen children were killed on the streets of Los Angeles in the year ending with June, according to Mr. Towman, while only forty were killed in St. Louis during the same period.

'Wild Cat' Stages Cause of Protest; Travelers Warned

A determined effort is to be made throughout Southern California to put a stop to the operation of unlicensed or "wild cat" auto stages on the highways of the state, according to an announcement just made by officials of the Automobile Club of Southern California.

Residents of this section who are contemplating trips in other than licensed stages are warned that they take their lives in their hands when they embark in a "wild cat" passenger carrier.

Officials of the state railroad commission, the various police departments and the sheriffs' offices are co-operating in a movement to save many lives by curtailing the activities of the unlicensed stage operators.

Eight persons have been killed in the southern counties and sixty-two injured during the last two months by accidents to "wild cat" stages, according to reports received by the auto club. These stages make up one of the greatest menaces to life on the roads at this time, it is pointed out by police officials who have examined the present condition of affairs.

There are 100 cases against unlicensed stage drivers now pending in police courts throughout Southern California, and forty-nine more are shortly to come up for trial. In one instance a "wild cat" auto stage turned over on the Fresno highway, injuring twenty passengers.

The drivers of these cars usually operate without a bond and without a permit, so that no damages can be collected from them in case of injury, it is stated. They also drive recklessly in order to complete their trip as soon as possible and return for more passengers, according to report.

Many drivers of unlicensed stages remain at the wheel of their car for thirty-six hours at a time without relief in order to save money, and they become so sleepy that serious accidents result from their negligence, say those who have investigated the situation.

THIS MAN RECEIVES WORLD EVENTS AS HE ROLLS ALONG

Wireless Waves Come to Him As He Travels Highways in Studebaker Auto

Stop, Look and Listen! That is what almost every one does when George C. Tichenor drives up to the curb and stops his Studebaker, for he spends quite a bit of his time driving around with a pair of telephone receivers clamped to his ears listening to the wireless telephone waves.

One day last week he stopped in front of the Studebaker agency and got all of the attention, not only from the salesmen, but from the customers. He had a portable wireless telephone receiving outfit on the front seat of his special-six Studebaker which was connected with about twenty-five feet of aerial wire that ran from the front springs up over the top and return.

At the time he was at the Studebaker store, a wireless station located on South Broadway and Eighth street in Los Angeles was giving a phonograph concert. Such demonstrations are made most every afternoon between 4 and 5 o'clock.

Picks Up Messages

After letting the boys and some of the girls from the office listen in, he tuned the receiver to pick up some telephone messages between Long Beach and Avalon. Then with another twist of a lot of dials on the little box of mystery, he picked up a call from San Pedro station for the Yale on its way for San Francisco.

Oftentimes when out on hunting or fishing trips in his Studebaker Tichenor takes along his wireless telephone and gives the natives the latest news on ball games, stock markets or the daily grist of news. As he can pick up telegraphy as well as telephone messages, he is about the handiest news service that ever arrived at a mountain resort.

According to Tichenor, he has a range of well over 100 miles with the little instrument which he built himself and which is no larger than a workman's lunch box used to be before the H. C. L. reduced the outside measurements of lunch boxes.

Listens as He Rolls

Contrary to the usual practice of commercial stations, he does not have to ground the instrument, but as he rolls along the boulevards he can listen in. It is a rather strange sight to see a man sitting at the wheel of a motor car with two telephones clamped to his ears. If it were a woman it might be supposed that some telephone operator was taking the air and had hurried off for a motoring trip without changing her ear plugs for a mass of hair on each side of her head.

When Tichenor was asked by S. C. Packer, Studebaker dealer in this section, if it was practical to make a receiving outfit that policemen could pack around and get calls from central stations, he replied that it was not as yet, but that he had been able to reduce the size of his instrument to occupy a much smaller space than the ordinary commercial type and still had not found it necessary to sacrifice good hearing.

With a car equipped with wireless telephones, a business man would be able to get market reports, baseball returns or election results while on the road between his place of business and his home. Tichenor states that the idea of a portable equipment is not new, but not wide in its application as yet.

Motor Distribution of Road Department Is About Complete

More than 27,000 motor vehicles have been distributed by the bureau of public roads of the United States department of agriculture among the various states for road-building purposes. Up to October 31 a total of 27,198 had been so distributed, including 1,800 retained by the department of agriculture for use on roads in the national forests and in connection with the administration of the federal aid act.

These comprise virtually all the surplus motor vehicles turned over to the department of agriculture by the war department to be distributed under the Wadsworth-Kahn act among the states for road-building purposes. These vehicles, consisting mostly of motor trucks, are a part of the war materials originally intended for use in France.

Due to a typographical error it was stated in a press notice sent to newspapers October 21 that the number alloted to the states was approximately 528,000, instead of 28,000.

In some parts of China labor is so cheap that there is no coin small enough to pay for a day's work.

Willys KNIGHT

Sleeve Valve Motor

—More than 50,000 owners of Willys-Knight cars now are getting a degree of satisfaction beyond the comprehension of people who have never driven any other than poppet valve motors.

—The car is light, fleet, graceful and strong—fittingly designed for its lifetime motor.

—It has no valves to grind—no delicate mechanism to get out of order—incurs no waste of time in the shop—no expense to speak of on the road.

—The motor, tireless as a bird of passage, counts its mileage by years, and with each mile, builds stores of increased energy to lengthen its days.

—Two simple sleeves, grooved to insure perfect lubrication, slide up and down in a cylinder, separated by a film of oil. A spherical firing chamber gives maximum power and perfect combustion. Ports in the sleeves register to admit and emit gases... There are no springs, no cams, no tappets, no adjustments, no valves to grind. The carbon cannot pit or unseat valves or weaken compression. The power increases with use.

—The extreme economy of the Willys-Knight motor, both in oil and gasoline, is due to the simple efficiency of its parts. The life of the motor has never been measured by any speedometer.

—One Hundred and Twenty less working parts than in majority of six-cylinder motors.

HILLCREST SUBDIVISION

The Choicest Yet Offered in Glendale's Newest Highly Restricted Residence Section-Located on the Crest of Kenneth Road

Mere words cannot be found that adequately describe the sun-kissed grandeur of this foothill property. There are but a limited number of these lots—22 in all—a portion of which, 75x202, face Virginia street and the balance, 101x299, face Kenneth Road. All these lots are oversize—each lot has an unobstructed view of Glendale on the south and the beautiful San Fernando Valley, fringed by the San Rafael Range on the northwest; paving, curbs, side-walks—all improvements included.

A LARGE CITY IS BUILDING

The tremendous development Glendale has made during the past few years, together with the natural elements which lie at its very threshold, are indicative of the progress and advancement the city will make during the years just ahead. How much this city-growth will mean to Glendale folks and those interested in Glendale, will depend largely upon how quickly and how judiciously they take advantage of the investment opportunities that are open today. As the city grows, property values increase. As property values increase, your investment increases in proportion. No investment can be more secure, none more certain, than these lots —in the most desirable residence section of Glendale. Not only will they make an ideal homesite—but a wise investment.

75x202 Lots Facing Virginia St., $2250—Easy Terms

'THREE WORD BRAND' WILLIAM S. HART PICTURE SHOWN

Noted Actor Takes Unusual Roles in This T. D. & L. Screen Attraction

William S. Hart proves to be an ideal sweetheart, cowboy and governor in his latest Paramount picture, "Three Word Brand," which will be shown at the T. D. & L. theatre for two days, beginning tomorrow, Sunday. As the sweetheart, he tells the story of his passion in three words—"I love you;" as the cowboy, he gives brave battle to his enemies and as governor of a great state for a day, he tells a big political boss to "go to hell!"

Mr. Hart never has been seen in a western picture of greater drama and appeal than "Three Word Brand." For the first time in his career he plays three distinct parts in a photoplay. He is first seen as a brave settler who, after seeing his twin sons safely away when he is menaced by Indians, blows himself and the savages into fragments to prevent them from trailing his two motherless boys. They are rescued and later lose track of each other. One becomes the governor of a state while the other is a rancher. How they meet and what follows, makes up one of the most thrilling stories ever screened.

Jane Novak, a beautiful leading woman, heads a clever supporting cast.

Larry Semon Feature

A score of flivvers well broken to the throttle and steering wheel are the steeds cowboys ride in Larry Semon's ultra-modern comedy, "The Fall Guy," which will also be shown at the T. D. & L. theatre Sunday and Monday. As Larry is the most acrobatic comedian on the screen, what he does with twenty of the automobiles that made Detroit famous can easily be imagined.

NEAR BEER STORY 'OVER'

GENEVA, N. Y.—They were from St. Louis, Mo., and Memphis, Tenn., respectively. Their names: Harold E. Gormley and Henry Morton. Arrested here on a charge of gambling, theirs was an effective story told Judge Ditmars, indignantly told, too, it was. The thirty cents which the officer found on the ground as the pair tossed forth a set of dice, with a suspicious "come seven" sound emanating from their direction, had been placed there by a friend; the cubes were being rolled to see which of the two should "buy near beer." It was well told. The Judge discharged them.

Hillcrest Property, Twenty-two Lots, Is Placed on Market

The Hillcrest subdivision, comprising twenty-two lots located at the crest of the Kenneth road, is placed on the market today by Arthur Campbell, 110 East Broadway. These lots, a portion of which are 75 feet by 202 feet facing on Virginia street and the remainder 101 by 229 feet facing on Kenneth road, are all oversize and, according to Mr. Campbell's opinion, represent a remarkable buy —both home sites and investments.

The height of the tract gives a splendid view of Glendale and the San Fernando valley, and Mr. Campbell says this is a feature much desired on the part of those wanting good home sites in Glendale. The price at which these lots are being placed on the market, says Mr. Campbell, is all the more advantageous to the prospective home buyer, as the purchase price includes all street improvements.

"I am very conscientious in placing this Hillcrest subdivision on the market," says Mr. Campbell, "and I believe it one of the best buys to be found in Glendale, the price being such that the client is given a good investment as well as getting a beautiful homesite. As for the investment part of it, these lots are absolutely gilt edge. The location gives an unobstructed view of the whole surrounding valley and the foothills. This is an opportunity which should not be overlooked by anyone wanting a foothill homesite.

"The limited number of lots, only twenty-two in all, will not last long as the price is within reach of every one, and includes all street improvements such as paving, sidewalks and curbing, and public service for lights and water will be available right in front of every lot. The tract, too, is inside the city limits, being recently annexed to Glendale.

"The way property is selling in Glendale today makes this tract a real bargain, and I am sure the placing of this subdivision on the market will result in bringing many desirable families here as permanent residents of Glendale."

SHE SERVED IN 3 WARS

SACRAMENTO, Nov. 26.—Mrs. Allie Bailey, army nurse of three wars, is dead here today at the age of 75 years. Disguising her youth, Mrs. Bailey enlisted as a nurse in the Union army during the Civil War at the age of 15 years. She was the youngest nurse in the army and served throughout the war. Later she served in the Indian and Spanish American wars. The aged nurse was thrice decorated for bravery under fire, but through misunderstandings and political changes in the United States pension bureau she died penniless without ever having received aid from the government which she so faithfully served.

DR. L. H. BECK WINS HONORS AT SHOE PITCHERS' MEET

Glendale Man and Two From Long Beach Are First to Take Tourney Prizes

(Continued From Page 1).

Long Beach, and Treasurer W. H. Nicoles, 322 East Fairview avenue, are somewhat doubtful if all the games scheduled on the program can be finished in time today for awarding the prizes and trophies this evening. Should the games not be finished in time the trophies will be mailed to the winners, announced W. H. Nicoles.

The games began promptly at 9:30 o'clock this forenoon, but an hour before that time there were many players on the grounds getting warmed up for tournament and the clang of shoes soon brought many others.

Darkness Halts Games

Darkness put an end to the games of the first day when yesterday afternoon three teams lingered late to pitch off a deciding game.

During the afternoon the crowd increased in size until the grandstand at the high school athletic field was well filled and Secretary George E. Krinball, assisted by W. H. Nicoles, had hard work at times keeping the grounds free of spectators so the players could have plenty of elbow room.

The pitchers gave the crowd plenty of interest in the high-ringer game as four successive ringers were uncommon occurrences during the afternoon.

It is expected the crowd will be even larger this afternoon than Friday as the threatening weather kept many delegations away from the beginning of the tournament, according to the opinion of the officials.

Many expressions of appreciation are being heard from the visitors for the cordial manner in which the Glendale Horseshoe club is entertaining the guests and the success of the first tournament, says Secretary Krinball, will be much greater than expectations, as to attendance, entries and enthusiasm.

Arrangements for the tournament next year are already being discussed on the side lines and Secretary Krinball expressed the belief that Long Beach, which has the largest delegation and list of entries here, would make a strong bid for the place of holding the event.

The following have registered since noon Friday:

Long Beach—J. B. Young, Bert Fickers, A. F. Galloway and J. B. Young.

Los Angeles—F. S. Osborn, E. C. Mendenhall, A. T. Bradley, M. H. Cox, F. H. Bailey.

Pasadena—H. L. Smith.

Fullerton—G. M. E. Janssen.

Newark—U. Crick.

Sales of Chevrolet Steadily Increasing States O. W. Tarr

Every month is a "better month" for the Chevrolet, according to O. W. Tarr of Fish & Tarr, local representatives who maintain salesroom and service station at 510 East Broadway. This is true of November in spite of the fact that they could not get cars sufficient for the demand.

Among the recent deals in which Mr. Tarr takes great pride is the sale of two 490 touring cars to the Doner-Hemenway-Burn real estate firm which will be used in their fleet to show visitors about Glendale. It is stated that all models are now carried on the local salesroom floor.

John Whaley, who was formerly owner of a local garage, has been employed to take full charge of the shop and repair work of the Chevrolet, he being an experienced mechanic on this particular car with seven years' factory experience.

A new innovation with Chevrolet which is worth attention of buyers is the fact that the Willard threaded rubber storage batteries, which are a part of the standard equipment, now come to purchaser "bone dry" and are charged after being sold. It is the same quality battery that is to be found on the big cars.

Deaths and Funerals

A. E. MAIN
Double pneumonia caused the death at 4:45 this morning, Saturday, November 26, 1921, of A. E. Main at his home, 469 Hawthorne street, after a critical illness of a week's duration.
Mr. Main returned home early last Saturday afternoon, sat down on the edge of his bed and complained of being quite ill and unable to explain why. Shortly after getting into bed he became delirious and never regained consciousness.
Fishing and camping were Mr. Main's principal delights. He was perfectly at home in the nearby canyons.
Much enthused about Glendale, Mr. Main planned great things for the future. For the past six months he had been associated in the real estate business at 221 North Brand boulevard with G. D. Riesland.
Mr. Main was born in Lynn, Massachusetts, March 12, 1872. Before coming to this city he was engaged first in the advertising business and then in the real estate business in Pasadena.
Mrs. Mary E. Main survives her husband. One son, Albert J. Main, lives in Baltimore, Maryland, and a sister, Mrs. J. F. Johns, is a resident of Haverhill, Massachusetts.
Funeral services will be held in Pasadena at the chapel at 43 North Marengo avenue, at 11 o'clock Monday morning.

PRINCE IS COLLECTING ZOO

LONDON—Prince Wilhelm of Sweden has arrived at Gothenburg from Cairo after a year with a zoological expedition, during which was collected a thousand animals, including 14 gorillas, bison, elephants, lions, crocodiles, 2000 birds and 6000 insects. It is the largest collection ever brought to Europe.

The earth is 400,000,000 years old, according to the estimates of the geologists.

"No One Ever Goes Broke Taking a Profit"
Property owners in GLENDALE have proved the above statement time and again during the past few years.
We believe that "PROFIT TAKING" has only started in GLENDALE.
IN our opinion a SUPERB VILLA SITE of five acres entirely covered with fruit trees and located in the foothills; that we are in a position to offer at practically the price of adjoining raw land, will show a PROFIT of $500 an acre in less than six months.

C. of C. Directors in Indorsement of Local Music Club

Mrs. Mattison B. Jones, president of the Glendale Music Club, is in receipt of the following letter from the Chamber of Commerce endorsing the work being done by that organization and pledging the support of the Chamber of Commerce in the membership drive now under way:

"Dear Mrs. Jones—I trust you will pardon for the delay in answering your letter of recent date and inclosing complimentary tickets to the Glendale Music Club. I assure you I appreciate this compliment very much.

"Owing to a number of our board of directors being absent from the city a quorum could not be obtained at the last meeting. Therefore, we have had no meeting of the board of directors until today, and your letter was read at our meeting. I am instructed by the board of directors to extend to your organization the thanks of the entire board and assure you of our every co-operation in the splendid work that the musical club, under your efficient direction, is doing for the city. We are sending out an appeal to our entire membership indorsing the music club and asking them to become members.

"I want to assure you that if there is anything further that we can do to assist you in this great work that we are yours to command. Again thanking you,

"Sincerely yours,
"Glendale Chamber of Commerce,"
"by James M. Rhoades, Sec'y."

It Has Taken Many Years
—thousands and thousands of dollars—and a decade of loving care to make
Forest Lawn Memorial Park
The Cemetery of Perfection—that it is today

In addition to being considered the most beautiful Memorial Park in Southern California, Forest Lawn claims the distinction of being the only institution of its kind in Los Angeles county that has within its confines every form of interment—cemetery, crematory and mausoleum—under one ownership and one management.

This permits the exchange of property. For instance: Should a purchaser of a cemetery lot later decide for the mausoleum form of interment, he can return his lot and receive full credit for the price paid on his new purchase. The same principle of exchange holds true to all our property.
